

TEDxCERN Broadcast

x = independently organized TED event

Forward

Charting the Future with Science

What are the big ideas in science that will help us address tomorrow's major global challenges?

Come discover a range from experts in future medicine and wireless technology, innovators in rainforest conservation, developers of food and energy resources, educators in mathematics and science, to young talents breaking new ground.

Session 1:

Theme: Adapt - 1:30pm - 3:00 pm

Session 2:

Theme: Change - 4:00pm - 5:30pm

Session 3:

Theme: Create - 6:00pm - 8:00pm

**Thursday 2nd Oct., at Monash University Cinema
(bldg. 10), Clayton Campus**

*This is a free public event. For registration please
